RFP HSCG83-12-R-PCR090

Amendment #0001

Page 2 of 2

The purpose of this Amendment #0001 is to answer questions submitted by the RMACC Contractors.

Question #1: The RFP letter says that the Performance Period is 90 calendar days after the issuance of the Notice to Proceed. But the Task Order Solicitation says the Performance Period is 60 calendar days after Notice to Proceed.

Response to Question #1: The correct Performance Period is 60 calendar days. Please make this change on the RFP letter and also in the solicitation documents, FAR 52.211-10 (Commencement, Prosecution & Completion of Work) (APR 1984).

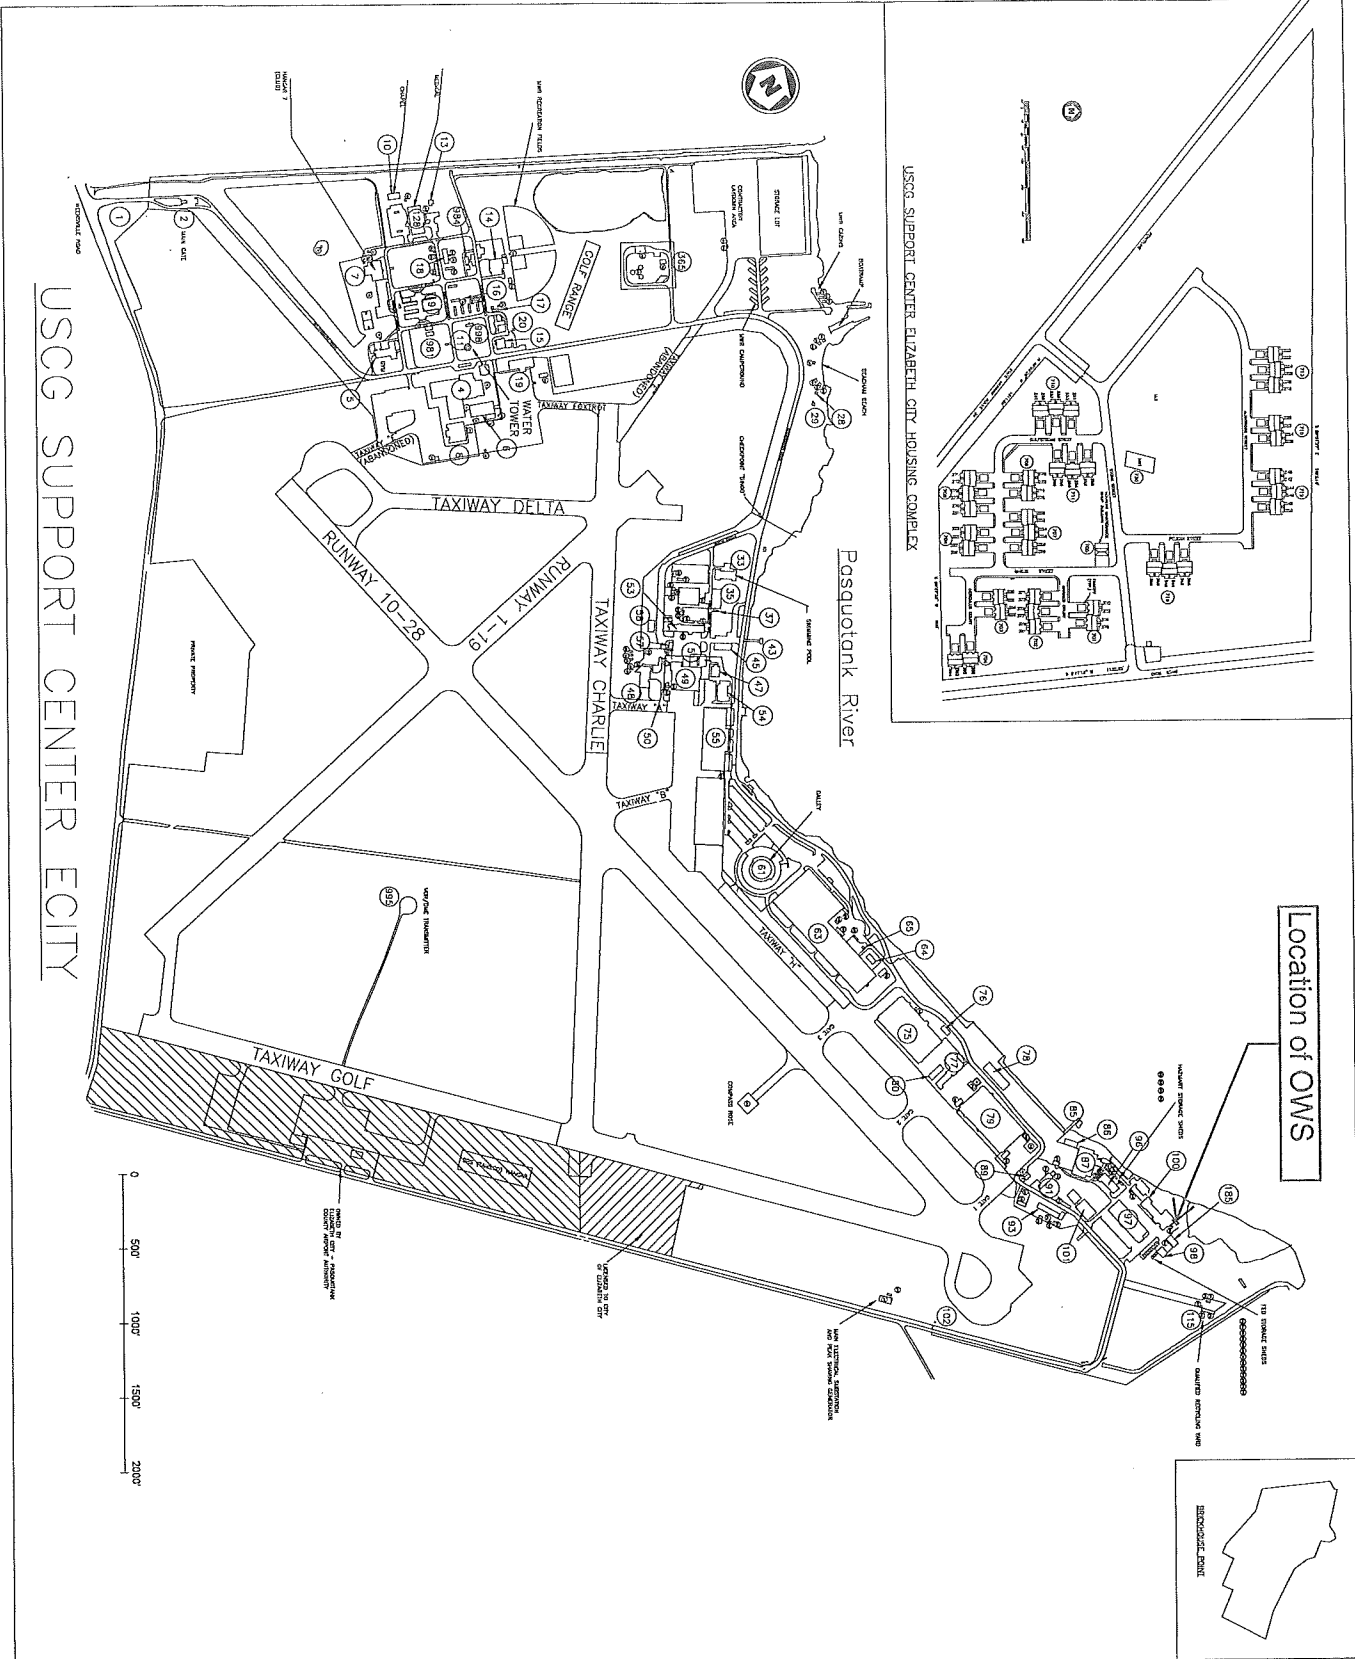

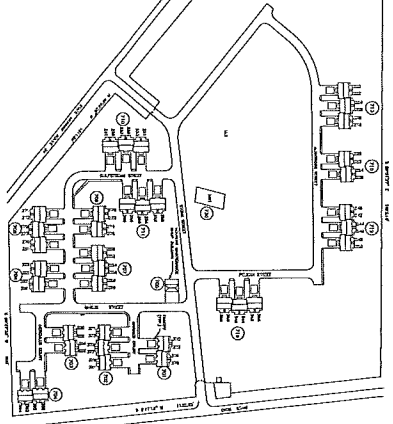

Question #2: This is a confirming RFI that we will be required to supply the Design/Build drawings for the electrical and the civil/plumbing for the oil/water separator and the electrical enclosure system. The electrical room where the existing service is located is in the southwest corner of the building as shown on the reference drawing, and the equipment racks will be by the oil water separator on the northeast side of the building? Where exactly is the Sector Building located?

Response to Question #2: Please see attached Plot Plan with Oil Water Separator location designated.

Question #3: Do you have any photos of the existing conditions of the oil/water separator and the Engine Test and Repair Facility that you could share with us and the engineers?

Response to Question #3: Please see attached photos.
